Dear Hiring Manager,

I am excited to apply for the AI Engineer position at Flash AI. Your work in Flash AI develops investigative software intended to help law-enforcement and public-safety is especially compelling to me.

I am excited to apply for the AI Engineer position at Flash AI, where I can contribute to developing investigative software that supports law-enforcement and public-safety. Built Python and scikit-learn risk models over SQL data pipelines, raising validated recall by 14% while holding the false-positive rate constant. This experience aligns with the goals of Flash AI to deliver impactful solutions through AI engineering.

Relevant skills: Python, RAG, Embeddings, NLP, vector search

I look forward to the opportunity to contribute to Flash AI's mission of supporting law-enforcement and public-safety through innovative AI solutions.

Sincerely,

Mira Solenne
