Dear Hiring Manager,

I am excited to apply for the AI Engineer — Camden Corporate Office (Remote Position) position at Camden Property Trust. I am especially interested in this opportunity because the company description highlights the following focus: Its corporate technology organization explores AI tools that can improve resident services, property.

My background aligns with the practical responsibilities of this role. One documented example from my background is the following: Cross-functional collaboration with product and engineering teams. This evidence demonstrates practical experience relevant to the position and its technical responsibilities.

Relevant skills: Python, REST APIs, RAG, MLOps, vector databases, prompt engineering

I look forward to the opportunity to discuss how I can contribute to your team.

Sincerely,

Mira Solenne
