Dear Hiring Manager,

I am excited to apply for the AI Engineer position at Flash AI. I am especially interested in this opportunity because the company description highlights the following focus: Flash AI develops investigative software intended to help law-enforcement and public-safety.

My background aligns well with this opportunity. One documented example from my background is the following: Cross-functional collaboration with product and engineering teams. This experience has equipped me with the skills to work effectively in a dynamic and collaborative environment.

Relevant skills: Python, RAG, Embeddings, NLP, vector search

I look forward to the opportunity to contribute to Flash AI's mission and discuss how my skills and experience align with your needs.

Sincerely,

Mira Solenne
